"MAN MADE THE TOWN BUT..."

GOD MADE THE COUNTRY! That's the reason why we all want to dig in the dirt in the spring, and this also explains the rush back to the soil. It is the call of nature and we must go! Farms are coming and going every day, bargains, every one of 'em, and here are a few samples yet on hand. Two or three desirable village properties for good measure:

Three Family Residence near Brantview. All in fine condition. Good barn. Garden for each family. Shade trees. Beautiful location. Only a few hundred dollars as first payment taken.

One Man Farm only four miles out. Well divided. Everything in prime condition. Good road always. Practically new buildings. Early farm, sloping to south. Good sugar place, wood and timber. Only \$2,600.

Fine Residence on Webster Street. Two large tenements and another well finished. All would rent for \$50 monthly. Unusually valuable building lot included. Everything in perfect condition inside and out.

The Only Specially arranged gardening and poultry ranch in this county, well located for this market and with every possible up-to-date convenience and facility. \$700. poultry house—new—with incubator basement connected. House with toilet, bath and electric lights. Seven acres highly fertilized land. All for less than two thousand.

Want to Trade a farm for a fine village residence? If you are on, phone me now, before the place is gone!

That Little 40 Acre Farm up beyond the Center is, yet on the market, but it won't last longer than the snow! For poultry, gardening and a delightful home it is the best proposition for the size and price I ever knew.

Want Big Pasture and also cut some hay this summer? First-class hundred acre farm without buildings at North Danville. Seventy acres of wood and timber thrown in, and all for only eight hundred!

Delightful Village Residence, North end, good barn, shade trees, small field in front and unsurpassed view. Splendid location. Thoroughly good buildings and house can be converted into two tenements at slight expense. Not now occupied, and just finished painting, papering and thoroughly renovating it. Thirty-two hundred takes it.
